High-current terminal block, Blocked, Connection method: Power-Turn connection, Cross section: 10 mm² - 70 mm², AWG: 8 - 2/0, Width: 60 mm, Color: gray, Mounting type: NS 35/15

Product Features

If Quick and easy connection is now also possible for large conductors with the high-current terminal block

The Push-in connection terminal blocks are characterized by the system features of the CLIPLINE complete system and by easy and tool-free wiring of conductors with ferrules or solid conductors

- ☑ The compact design enables wiring in a confined space
- In addition to using the existing test connection, pick-off terminal blocks can be connected, each of which can also accommodate two test cables
