

Model #: P602-010

10-ft. Bi-Directional Parallel Printer Cable (DB25M to Cen36M)

Highlights

Description

Tripp Lite's 10-ft. bi-directional parallel printer cable connects computers with a DB25 female parallel port to parallel printers with a Centronics 36 female parallel port. The cable has DB25 male/Cent36 male connectors and supports bi-directional communication. It is manufactured from superior molded cable with integral strain relief and foil shielding for maximum EMI/RFI protection. Bi-directional communication allows your printer to broadcast printer error messages back to network computers. Use IEEE cable if IEEE specifications are required.

System Requirements

- Computers with a DB25 Female parallel port
- Parallel printers with a Centronics 36 Female parallel port with Bi-Directional communication (although not essential).

Package Includes

• 10-ft. Bidir Parallel Cable Cen36M to DB25M

Features

- Supports bi-directional communication
- Length 10-ft. Connectors: DB25 male/Cent36 male
- Superior molded cable with integral strain relief and foil shielding for maximum EMI/RFI protection
- Bi-directional communication allows your printer to broadcast printer error messages back to network computers
- Molded ends with easy-grip textured overmold
- Use IEEE cable if IEEE specifications are required
