Braided Sleeving, Expandable, .75" Dia, PA66 Monofilament, Black, 250 ft/bulk reel Description:

Local Order Number 170-03047	Base Data		
Color Black (BK) Features and Benefits - Nylon monofilament construction weave offers a tight, 12 mil braid that provides full coverage but will not rot or retain moisture Material and Specifications Material Shortcut Page 1 Polyamide 5 (PAS6) Material Applications - Nylon monofilament construction weave offers a tight, 12 mil braid that provides full coverage but will not rot or retain moisture Nylon monofilament construction weave offers a tight, 12 mil braid that provides full coverage but will not rot or retain moisture Nylon monofilament construction weave offers a tight, 12 mil braid that provides full coverage but will not rot or retain moisture Nylon monofilament construction weave offers a tight, 12 mil braid that provides full coverage but will not rot or retain moisture Nylon monofilament construction weave offers a tight, 12 mil braid that provides full coverage but will not rot or retain moisture Nylon monofilament construction weave offers a tight, 12 mil braid that provides full coverage but will not rot or retain moisture Nylon substitute has a smooth surface Nylon monofilament construction weave offers a tight, 12 mil braid that provides full coverage but will not rot or retain moisture Nylon substitute has a smooth substitute has a smooth substitute Naterial Provides full most applications and where abiding substrate has a smooth substitute Naterial Provides full most applications and where abiding substrate has a smooth substitute Naterial Provides full most applications and where abiding substrate has a smooth substitute Naterial Provides full most applications and where abiding substrate has a smooth substitute Naterial Provides full most applications and where abiding substrate has a smooth substitute Naterial Provides full most applications and where abiding substrate has a smooth substitute Naterial Product Provides full most applications and where abiding substrate has a smooth substitute Naterial Product user applications and wher		Local Order Number	170-03047
Features and Benefits - Nylon monofilament construction weave offers a tight, 12 mil braid that provides full coverage but will not rot or retain moisture Material and Specifications - Nylon monofilament construction weave offers a tight, 12 mil braid that provides full coverage but will not rot or retain moisture Natural performs well in wet applications and where abiding substrate has a smooth surface. - Reel Product Description - Product Description - Product Dimensions - Eungth L (Imperial) - Length L (Imperial) - 250.0ft - Bundle Diameter Min.
