

PELTOR

The Sound Solution

High-performance protection for high-noise environments

With its carefully designed speaker system and excellent attenuation, Peltor™ HT Series™ Listen-Only headsets offer clear sound reproduction and communication in high-noise environments. Peltor's proven and durable designs provide high-comfort levels, allowing long-term use under tough conditions. Possible applications may be found in high-noise industries such as:

- Heavy equipment operators
- Airport workers
- Construction
- Manufacturing
- Agricultural
- Racing
- Oil rigs, petroleum refineries

PELTOR

The 3M™ Peltor™ line of HT Series™ listen-only headsets exhibits the versatility along with the protection, durability and comfort that you expect from a worldwide leader in communication headsets. HT Series industrial headsets feature clear sound reproduction combined with a wide selection of connectors which enable them to be used with speaker microphones, VHF/UHF radios or personal entertainment devices in high-noise areas.
